

STATUTORY ON STREET CAR PARKING ACCOUNT 2019/20

1. The Council is required to maintain a separate account of its on-street parking business activities and to report annually to the Mayor for London on its outcome and the use made of any surplus generated. The account must contain all expenditure and income in relation to the provision, management and enforcement of on-street parking in the borough.
2. The use of any surplus in the account is governed by Section 55 of the Road Traffic Regulation Act, 1984 and the Traffic Management Act 2004. The legislation specifies that the surplus may be used for:
 - (i) making good to the General Fund for any deficits incurred in the On-Street Parking Account during the previous four years;
 - (ii) meeting the cost of the provision and maintenance of off-street car parking in the Borough, or in another Local Authority.
3. If, however, it is considered unnecessary to provide further off-street parking in the area, the surplus may then be used to fund any of the following:
 - (i) Public passenger transport services;
 - (ii) Highway improvement works;
 - (iii) Highway maintenance;
 - (iv) Environmental Improvements;
 - (v) the costs of anything that has the approval of the Mayor of London and which facilitates the implementation of the Mayor's transport strategy.
 - (vi) for prescribed authorities, any other purposes for which the authority may lawfully incur expenditure
4. At its meeting on 22 February 2001, the Cabinet agreed that further off-street public parking could be considered unnecessary (minute 263-2/01). The decision was taken in the context of the funded proposal to build the Seven Kings car park and the absence of any proposals for new parking facilities in the District Centres or the remainder of the Borough.
5. Any unspent surplus in the accounts has to be carried forward in the account or allocated to fund future spending projects. Any unspent project money has to be returned to the account.
6. The parking account outturn figures for 2019/20 are included as set out below. The surplus generated for 2019/20 was £3,448,656. This compares to £2,845,190 in 2018/19.

The Secretary of State's revised Guidance, issued in the light of the Traffic Management Act, recommends that the annual parking account should also report on activity levels. A number of the recommended statistical indicators are set out below.
